LAW ENFORCEMENT UNIFORMS

SPECIAL CONDITIONS

1. The term of the contract awarded pursuant to this bid will be for 12 months. The City, at its sole discretion, may extend the contract for two additional one-year terms. Prices quoted shall be firm throughout the initial term and any extension options exercised.
2. The City will contract with a single vendor to service all its law enforcement uniform requirements. Bidders must therefore quote on every uniform article within the Item Worksheets. The bid award will be based on the overall grand total.
3. Quantities shown are estimates of the maximum annual quantity that would be required by the Newton Police Department. It is specifically understood the City does not agree to purchase any specific quantity of any item and some items may not be purchased at all. Purchases will be made to cover actual requirements only. The City may increase or decrease the quantity of any item specified without change in price per unit of quantity as stated in the Contractor's Bid Response. The Estimated Cost of this contract annually is \$97,000.00.
4. The Chief of Police will appoint a member of the department to serve as Inspector of Uniforms. The Inspector shall be responsible to authorize the specific purchase of required uniform items under this contract. The Inspector shall inspect and accept all uniform items ordered and delivered to the department.
5. Bidders on this contract must have been in the business of supplying law enforcement uniforms for a minimum of four consecutive years, and within that period must have successfully completed at least one contract with an annual purchase volume equivalent to that anticipated by this bid.
6. Bidders on this contract must have personnel on staff as well as equipment located at the bidder's place of business to perform uniform alterations and other sewing as may be required during the contract term.
7. All items are to be quoted as specified or approved equal. Any deviations from specifications must be clearly identified in the bid submittal. If deviations are not specifically listed, the City will assume none are taken, and the Contractor will be expected to deliver items exactly as specified.
8. Samples of alternate offers are not required with the bid, however the City reserves the right to request and evaluate samples before making an award. If requested, samples will be provided within five working days.
9. Deliveries of items ordered must be completed within ninety (90) days after receipt of order. Delivery shall be held by the vendor until shipment of all items ordered can be made 100% complete. Partial deliveries and backorders will not be accepted.
10. All garments delivered shall be grouped and packaged in complete sets, clearly identified and labeled with the receiving officer's name.
11. Time is of the essence in the delivery of items ordered under this contract. As actual damages for any delay in delivery are impossible to determine, the Vendor shall be liable for and shall pay twenty five dollars (\$25.00) as fixed, and agreed liquidated damages for each calendar day of delay beyond ninety days following receipt of order until delivery is brought to full and accepted completion.

12. While the department may order items as required throughout the year, it anticipates placing one primary department-wide annual order. During this time, the vendor shall be available on site on a minimum of four different days, to be scheduled by mutual agreement, to take officers' measurements. The City may require the vendor to be available during evening and night shifts as may be necessary to complete the taking of measurements.
13. Prices bid must include furnishing and applying all materials, trimmings, findings, ornaments, etc. listed in the specifications, with the exception that the City will furnish to the contractor, without charge, the necessary shoulder patches, "NEWTON" police patches and traffic wheel patches.
14. Uniform items shall be altered to individual measurements as necessary to insure proper fit. Finished garments shall be inspected and approved by the Inspector of Uniforms. Any dissatisfaction with the garment will be reported to the vendor who shall arrange with the Inspector of Uniforms to come to the department and inspect the fit of the garment, to make note of necessary adjustments and to take the garment in order to perform the required tailoring. The corrections shall be made and the garment returned within ten (10) working days. If the garment is not then fully satisfactory the vendor may be required, at the discretion of the Inspector of Uniforms, to furnish a completely new garment at no cost to the City.
15. Additionally, the awarded contractor shall be available, if necessary, throughout the year for up to three days at our facilities from 9:00 a.m. - 5:00 p.m. for measuring sessions.

INSPECTOR OF UNIFORMS

The Chief of the Department will assign a member of his department as Inspector of Uniforms, who will be responsible to the Chief for inspection and acceptance of all uniforms purchased and delivered to the police department. The Inspector of Uniforms will authorize the purchase of each item of uniform for department personnel.

AWARD

Award will be made to one bidder submitting the best overall bid for all the items listed to the specification sheet. Factors to be considered in the making of the award will be the price, adherence to specifications, and ability to meet the delivery time specified below.

GENERAL

Workmanship and finish of uniforms shall conform to "No. 3" garment, as generally recognized in the Tailoring Trade.

DELIVERIES

Deliveries are to be made to Newton Police Department, Special Services Bureau, 1321 Washington St, West Newton, Massachusetts **within 90 calendar days after receipt of order.**

IN SUBMITTING THE BID, THE CONTRACTOR SHALL GUARANTEE TO MAKE DELIVERY WITHIN THE TIME PERIOD SPECIFIED ABOVE.

The City will hold the contractor fully responsible for the delivery of Uniforms in exact accordance with the contract, and to the reasonable satisfaction of the Inspector of uniforms, the Chief of the Department and the Purchasing agent. All garments delivered shall be packaged and tagged with the name of the person as ordered.

SERVICE

The vendor shall be required to take measurements for uniforms at the Police Department within a minimum of four days notice. The specific dates for measurements are to be established by agreement with the Inspector of Uniforms. Uniforms shall be altered strictly to individual measurements. Finished garments shall be inspected and approved by the Inspector of Uniforms. Any dissatisfaction with the garment will be reported to the vendor who shall arrange with the Inspector of Uniforms to come to Police Department and inspect the fit of the garment, to make note of necessary adjustments and to return the garment to his place of business for corrections. The corrections shall be made and the garment is to be returned to the Police Department within 10 days. If the garment is not then fully satisfactory, the vendor may be required, at the discretion of the Inspector of Uniforms and the Purchasing agent, to furnish a completely new garment at no cost to the city.

THIS AGREEMENT made this ____ day of _____ the year Two Thousand and Eleven by and between the CITY OF NEWTON, a municipal corporation organized and existing under the laws of the Commonwealth of Massachusetts, hereinafter referred to as the CITY, acting through its Chief Procurement Officer, but without personal liability to him, and

hereinafter referred to as the CONTRACTOR.

The parties hereto for the considerations hereinafter set forth agree as follows:

- I. SCOPE OF WORK.** The Contractor agrees to furnish and to deliver to the City at such times, at such place or places, in such manner, and in such quantities as the City may direct, and at the unit prices quoted in the Contractor's bid the following item or items:

LAW ENFORCEMENT UNIFORMS

- II. CONTRACT DOCUMENTS.** The Contract Documents consist of the following documents which are either attached to this Agreement or are incorporated herein by reference:
- a. This CITY-CONTRACTOR Agreement;
 - b. The City's Invitation For Bid #11-54 issued by the Purchasing Department;
 - c. The Project Manual for Law Enforcement Uniforms including Specifications and Terms and Conditions.
 - d. Addenda Number(s) N/A;
 - e. The Bid Response of the CONTRACTOR submitted for this Project and accompanying documents and certifications;
 - f. Certificate(s) of Insurance and surety bond(s), if any, submitted by the CONTRACTOR in connection with this Project;
 - g. Duly authorized and executed Amendments, Change Orders or Work Orders issued by the CITY after execution of this CITY-CONTRACTOR Agreement.

This CITY-CONTRACTOR Agreement, together with the other documents enumerated in this Article, constitute the entire Agreement between the CITY and the CONTRACTOR.

- III. PRIORITY OF DOCUMENTS.** In the event of inconsistency between the terms of this CITY - CONTRACTOR Agreement and the Project Manual, the terms of this Agreement shall prevail.

- IV. APPLICABLE STATUTES.** All applicable federal, state and local laws and regulations are incorporated herein by reference and the Contractor agrees to comply with same.

- V. **CONTRACT TERM.** The term of this contract shall **extend for 12 months from day of contract execution**. The City, at its sole discretion, may **extend the contract for two additional one-year terms**. The dollar value of the contract may not be increased by an amount more twenty five percent (25%) of the contract total. Prices quoted must be firm throughout the initial term and any extension options exercised. It is understood that in the event the term of this contract extends beyond June 30 in any calendar year, the City reserves the right to terminate the contract if funding for its continuance is not appropriated in the succeeding fiscal year commencing July 1.
- VI. **QUANTITIES.** The quantities specified in the Project Manual are approximate and are based on previous consumption. It is specifically understood the City does not agree to purchase any specific quantity, and purchases will be made to cover actual requirements only. The City may increase or decrease the quantity of any item specified without change in price per unit of quantity as stated in the Contractor's Bid Response.
- VII. **MATERIALS.** The Contractor agrees, unless otherwise specified, that all equipment, materials and supplies furnished under this contract are to be first quality, new and unused.
- VIII. **AUTHORIZATION OF AND PAYMENT FOR WORK PERFORMED.** The execution of this contract does not constitute a notice to proceed or authorization to perform work or make deliveries. No work shall be commenced or deliveries made unless authorized by a written Work Order issued by the City specifying the equipment, materials or supplies to be delivered. The Contractor will be paid following completed delivery and acceptance of the equipment, materials or supplies ordered in accordance with the Contract. The City will use best efforts to pay within thirty (30) days of receipt of an invoice for the delivered equipment, materials or supplies or acceptance of same whichever date is later.
- IX. **CLAIMS FOR MATERIALS OR LABOR.** In the event any claims have been filed with the City for material or labor delivered or performed pursuant to this contract, the City shall be under no obligation to make any payment until such claims are adjusted to the satisfaction of the City. Any and all liens for supplies may be paid off by the City within twenty (20) days after the filing for record as provided by law of a notice of such liens, except where the claim on which the lien is filed is being litigated by the Contractor, and in such case the City may pay the amount of any final judgment or decree on any such claim. All money paid by the City in settlement of liens and claims as aforesaid, with the costs and expenses incurred by the City in connection therewith shall be charged to the Seller, bearing interest at the rate of six percent (6%) per annum, and be deducted from the next payment falling due the Seller under the terms of this contract.
- X. **UNIT PRICES.** It is agreed that the unit prices listed are maximum prices and that the City shall be entitled to take advantage of any decreasing market conditions, decreases to be governed by the manufacturers' price listing as might be generally adopted in the trade, or by the same percentage that the Seller may reduce prices to others who purchase in similar quantities and under similar conditions.
- XI. **RESPONSIBILITY FOR THE WORK/INDEMNIFICATION.** In the performance of any work, including the delivery of equipment, materials or supplies, pursuant to this Contract, the Contractor shall take all responsibility for the work, and shall take all precautions for preventing injuries to persons and property in or about the work and shall defend, indemnify and hold the City harmless from all loss, cost, damage or expense arising from injuries to persons or property in or about the work. The Contractor shall be responsible for any damage which may be caused by the failure or insufficiency of any temporary works. He shall effectively protect his work and shall be liable for all damage and loss by delay or otherwise caused by his neglect or failure so to do.
- XII. **WARRANTY.** Except as may be otherwise provided in the Project Manual, the Contractor shall replace, repair or make good, without cost to the City, any defects or faults arising within one (1) year after date of acceptance of equipment, materials or supplies furnished hereunder (acceptance not to be unreasonably delayed) resulting from imperfect or defective work done or materials furnished by the Contractor.
- XIII. **PATENT INDEMNIFICATION.** The Contractor agrees to assume the defense of and shall indemnify and save harmless the City and all persons acting for or on behalf of it from all suits and claims against

them, or any of them, arising from or occasioned by the use of any material, equipment or apparatus, or any part thereof which infringes or is alleged to infringe on any patent rights. In case such material, equipment or apparatus, or any part thereof, in any such suit is held to constitute infringement, the Contractor, within a reasonable time, shall at its own expense, and as the City may elect, replace such material, equipment or apparatus with non-infringing material, equipment or apparatus, or remove the material, equipment, or apparatus and refund the sums paid therefor.

- XIV. INSPECTION.** For the purposes of inspection of the equipment, materials and supplies covered by this contract, the Contractor shall give the City free access to his works and furnish every facility for properly inspecting such equipment, materials and supplies, and shall furnish full information, whenever requested, relating thereto. Approval by any inspector of the City shall not relieve the Contractor from his obligation to comply in all respects with the contract.
- XV. ASSIGNMENT/SUB-CONTRACTING.** The Contractor agrees that he will not sell, assign or transfer this Contract or any part thereof or interest therein without the prior written consent of the City.
- XVI. INSTALLATION.** If any of the equipment, materials and supplies covered by this contract is to be installed by either the Contractor or the City, the Contractor shall, upon request of the City, furnish a competent employee to supervise the installation without expense to the City, unless otherwise provided herein. Such supervisor, or other employees furnished by the Contractor, shall be the agents of the Contractor and not of the City, and the Contractor hereby agrees to indemnify the City and hold it harmless from and against any and all loss, costs, damage, and expense sustained as the result of negligence or other conduct on the part of such supervisor or employee.
- XVII. TERMINATION.** The City of Newton may, by written notice of default to the Contractor, terminate the whole or any part of this Contract or any Shipping of Purchase Order issued pursuant thereto in any one of the following circumstances:
- a. If the Contractor fails to make delivery of the equipment, goods or supplies or to perform the services within the time specified herein or any extension thereof;
 - b. If the Contractor fails to perform any of the other provisions of this contract or, if in the opinion of the City, Contractor so fails to make progress as to endanger performance of this contract in accordance with its terms, and in either of these two circumstances does not correct such failure within thirty (30) days (or such longer period as the City may authorize in writing) after receipt of notice from the City specifying such failure.
- XVIII. GOVERNING LAW.** This Contract shall be governed by and construed in accordance with the laws of the Commonwealth of Massachusetts.
- XIX. SEVERABILITY.** The provisions of this Contract are severable. If any section, paragraph, clause or provision of this Contract shall be finally adjudicated by a court of competent jurisdiction to be invalid, the remainder of this Contract shall be unaffected by such adjudication and all of the remaining provisions of this Contract shall remain in full force and effect as though such section, paragraph, clause or provision, or any part thereof so adjudicated to be invalid, had not been included herein, unless such remaining provisions, standing alone, are incomplete and incapable of being executed in accordance with the intent of the parties to this Contract.
